

Healthy Kansas Minute Radio Interview – Skin Cancer Awareness Month

I'm Patrice O'Hara, the Cancer Program Manager with the Kansas Department of Health and Environment and this is the Healthy Kansas Minute.

May is Skin Cancer Awareness Month. Skin cancer rates have increased enough in the past 30 years to give it the distinction of being the most common cancer in the United States.

Skin cancer can be prevented by limiting exposure to the sun, wearing protective clothing like wide-brimmed hats and by applying sunscreen everyday, even when it is cloudy.
